A black and white photograph of a forested hillside. The foreground is dominated by the dark, silhouetted branches of trees. In the background, a line of trees follows the contour of a hill. Several power lines stretch diagonally across the upper portion of the frame against a bright, overcast sky. The overall mood is somber and atmospheric.

CAP CREW

A black and white photograph of a power line tower against a cloudy sky. The text "CAP CREW" is overlaid on the image. The tower is a lattice structure, and several power lines are visible. The sky is filled with dramatic, dark clouds, and the sun is visible through a break in the clouds, creating a bright glow. The overall mood is industrial and atmospheric.

Graffiti Vandal Squad!

GVS crew started in the middle of 1995 in Lisboa/Portugal. Arte, Rote and Ouro started the crew. Rote read about the Vandal Squad in the USA and after he thought this is a cool name - just put the Graffiti before and its a fucking nice name Graffiti Vandal Squad!! So everything started. We are the second generation of Graf in Portugal. Graffiti in Portugal just existing since the early 1990. GVS are (in ordem how we entered the Crew): Arte, Rote, Ouro, Risko, Creyz, Sken, Komer, Fire, Oles, Phore, Que?, Dr. Funk, Eko, Vulto, Ebzke, 4Sale, Arky For us its really important to be good friends. We are all Broth Nobody is inside the crew just because he is a good painter. Everybody is inside the crew because he is a very good painter and a very good friend. We are always connected to each oth some of the guys are not living in Portugal or Lisboa (Phore: Germany; Oles and Dr. Funk: Netherlands; 4Sale and Arky: Algarve) but we are always in touch. We love to have dinners all together this mean a lot for us, being together, being with the GVS Familia! We all have very different styles. One of the reasons, because we are from different generation of Graf and we are very different in the activities we do too. Some of us doing more this canvas-streetart-hall of fame-thing some of us are big street- or trainbombers or some doing both Its important for us to be open minded!

One love to the game, one love to the Familia!

GVS 4 LIFE!

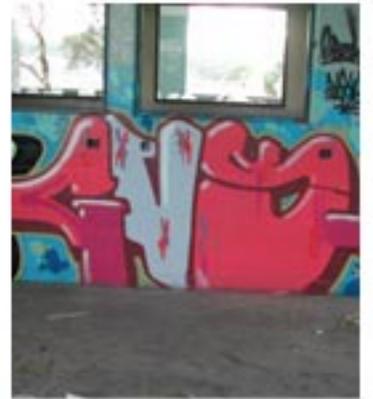

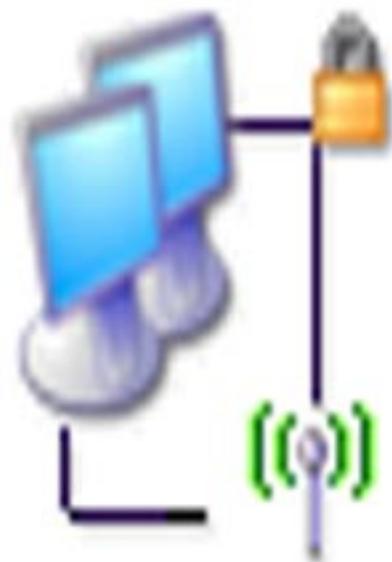

A black and white photograph showing a hillside with a fence. The fence is made of a grid-like material and has a sign on it that reads "3a4eM". To the left of the fence, there is a tall utility pole with several power lines extending across the sky. The foreground is mostly in shadow, with some foliage visible on the right side. The background shows a bright sky with some clouds.

NO FUTURE'S

NO FUTURE FOREVER!

SELEK & OLEK

Beiden war sehr langweilig. Über eine Entfernung von 200km hinweg beschlossen sie, 3 Schlagwörter umzusetzen. Diese Schlagwörter waren **Soul, Crash** und **Future**. Bei der Umsetzung gab es nur eine Vorgabe: **IM ÖFFENTLICHEN RAUM**. Egal, ob als Graffiti, als Tag, als Schablone, oder als Installation – hauptsächlich kreativ.

Ein Zeitfenster wurde gesetzt – die Grundlage der Action war geschaffen. Das Ziel war nun, den Worten Taten folgen zu lassen.
